Center of Training :-----

Instruction to Trainee

- 1. This logbook has to be maintained by all trainees enrolled in a program of the Arab Board of Pediatric Cardiology subspecialty.**
- 2. Trainees are advised to make the required entries of the event. All entries must be signed by the supervisor**
- 3. The trainee is required to maintain the logbook throughout the training period.**
- 4. The logbook will form a part of the eligibility requirements for the examinations.**

Instruction for the trainer

- 1. The logbook is a day-to-day record of the clinical and academic work done by the trainee.**
- 2. Its purpose is to evaluate the overall training of the candidate and determine deficiencies if any, so that they may be corrected.**
- 3. The program director should check regularly the logbook so that he/she can spot any deficiencies in the training (e.g. the trainee has not rotated through the required rotations in the different units and subdivisions).**
